FOR IMMEDIATE RELEASE

We're Movin' On Up!

Another Year of Growth. Another Year of Climbing the Rankings.

HOUSTON, Texas — June 2026 — The 2026 crane industry rankings are out, and Lift Source Machinery, Ltd. is proud to announce that it has continued its upward momentum in both the ACT100 and IC100 rankings — while maintaining what is, arguably, the youngest fleet in the top 50 of each list, with an average fleet age of less than 24 months.

#14

ACT100

▲ Up from #16 in 2025

North America's Top Crane-Owning Companies — American Cranes & Transport

#44

IC100

▲ Up from #52 in 2025

World's Largest Crane-Owning Companies — International Cranes

Lift Source Machinery's investment philosophy has always been simple:

- ✓ **Continually renew the fleet** — keeping the newest, most modern equipment working for our customers.
- ✓ **Focus on premium brands** that deliver performance and hold their value.
- ✓ **Deliver reliability and availability** — the right crane, right when you need it.
- ✓ **Maintain strong residual values** through disciplined fleet management.

These rankings reflect more than fleet size. They represent years of disciplined investment, strategic growth, and an unwavering commitment to providing customers with modern, reliable lifting solutions and flexible RPO (Rental Purchase Option) terms.

"We want to thank our customers, employees, OEM partners, lenders, and industry friends whose trust and support have made this growth possible," the company said. "We remain committed to investing in the newest equipment, expanding our capabilities, and providing the exceptional service that has become synonymous with Lift Source Machinery."

The best is yet to come.
